

GPLEX 2022, Detroit

What is GPLEX?

Summit, Network, Training, Conference

The Greater Philadelphia Leadership Exchange is an initiative of **the Economy League of Greater Philadelphia** to develop leaders of business, civic, and government organizations into visionaries dedicated to making Greater Philadelphia a national powerhouse. Through in-region programming and out-of-region learning visits, the Leadership Exchange provides a unique opportunity for participants to build connections with top business, civic, and governmental leaders and to develop a deeper understanding of the Philadelphia region. Since the inception of the Leadership Exchange in 2005, the program has had a strong track record of exposing participants to new insights and ideas, forging connections across sectors and industries, and strengthening a community of leaders who are shaping the region's future.

Who Qualifies?

Current and Emerging Leaders

A leader is someone whose ideas make waves...

The ideal attendees for this conference are people whose actions, ideas, and decisions will affect a large group of people. It may relate to their employees, coworkers, local community, or online community, but ideally those in this network make an impact. By bringing leaders together to learn and collaborate, we **build civic muscle**, creating a group of passionate people who are equipped to solve complicated, cross-sectoral challenges together. All industries are represented, and we work to reflect Philadelphia's demographics in our attendees.

What Will We See and Do?

Detroit: Downtown, Midtown, Neighborhoods, and Suburbs

Learning from a city like our own, seeing how they do it differently...

Detroit is a city very similar to Philadelphia (it is a rust belt city, close to a river and nestled among several other major cities, with nearly the same acreage, with a high minority population and high poverty rates), and dissimilar in many ways (it is younger and built around the automobile, historically a single-industry town, and has big mid-western energy). By learning from our counterparts, we will see ways that similar problems are solved in a uniquely Detroit way, and bring the best ideas back to our region.

What is Included?

Four Days of Conference!

October 1-4 in Downtown Detroit

All meals (except the optional Dinearound), on the ground travel, and materials are included in the ticket price. We have over 50 speakers, 10 hours of workshops and networking, 8 options for regional explorations, and much more!

Cost

For-Profits over \$10M: \$3,000
Non-Profits, Government, or companies making under \$10M: \$2,400
